

JULIE DENOMME, CEC, ACC, RSW,
Executive Coach

As founding partner of **Corporate Symphony International** and founder of **Lasting Leadership**, Julie is committed to helping leaders and leadership teams develop their full potential. Julie attracts clients who are committed to taking their leadership to the next level and increasing their bottom line results. She has worked in a variety of industries in both the profit and non-profit sectors including telecommunications, business development, investment, government (local and provincial), health care, social services, consulting, advertising and journalism.

Julie is a graduate of Royal Road University Certified in the Executive Coaching program and is an Accredited member of the International Coaching Federation. For the past 15 years, Julie has provided superior value to her clients by combining leading edge Executive and team coaching with key assessments such as: MBTI, DISC, Hogan Leadership forecast. In addition to these certifications, Julie is a certified facilitator and administrator of the renowned Team Coaching International diagnostic assessment and model geared for high performing teams.

Julie's style supports the synthesis of individual and team leadership competencies which in turn translates into the achievement of strong, sustainable bottom line business results. Julie's hands-on change leadership and coaching experiences provide real-world appreciation for what it takes to orchestrate and seize significant change for both individuals and organizations.

Julie's energy, wisdom and sense of humor, combined with her knowledge and experience, are assets that have allowed her to assist businesses and organizations to actualize their vision, maximize their resources and achieve their objectives. Julie's strength in leadership and team development provides clients with superior ROI.

Julie is an active member of her community and adds value to the business community as a Board member of the Sudbury and District Chamber of Commerce and by volunteering on various ad hoc committees.
